

## Summary

### **Eager and enthusiastic front-end developer,**

I have a long standing love for technology and programming. Specializing in web development and design, I'm currently in search of remote work. I'm committed in providing a well communicated and properly delivered service to my clients. Let me bring your ideas to life!

## Technical Skills

- JavaScript(ES6)
- CSS(CSS3)
- HTML(HTML5)
- React.js
- Accessibility, Responsive Web Design, UI/UX
- Git/GitHub
- Adobe XD
- MVC Architecture
- Java & Python Familiarity
- Don't see something you're looking for? I'm a lifelong learner **always** looking to expand my skill set.

## Education
